

June 2025

The Waterloo Wellington Down Syndrome Society (WWDSS) will be hosting our 24<sup>th</sup> annual walk for Down syndrome, called the Any Which Way You Can A-Thon (AWWYCA), on Sunday, September 28, 2025, at Waterloo Park. The event consists of a fundraising walk followed by a celebration with food, music, and entertainment. It is a time when families and friends can come together and celebrate the many abilities of those living with Down syndrome.

WWDSS is a non-profit charitable organization that serves the cities and townships in Waterloo Region and Wellington County including Guelph. WWDSS has been a proud leader in raising awareness, equality, and opportunity for people with Down syndrome since 1988. The funds raised from this event support numerous programs, social events, and educational seminars for people with Down syndrome and their families and caregivers within our community. For more information about our programs and services, please visit [www.wwdss.ca](http://www.wwdss.ca).

To contribute to the success of this upcoming event, we are graciously requesting a prize donation to recognize our fundraisers this year. Please contact me directly if you can contribute to this worthwhile event. In return for a prize donation, WWDSS will thank you during our celebration event after our walk and within the WWDSS newsletter.

Thank you for your thoughtful consideration.

Sincerely,

Any Which Way You Can A-thon Organizing Committee
